

OPTIMISTIC SPEECH MADE BY ECONOMIST

Increase of Traffic Density Will Take National System Out of Red

MONTREAL, Sept. 22.—"If the average traffic density of the system should increase 40 per cent over the present figure of 100 cars a mile per hour, I can confidently predict that the net revenue from operation would be sufficient to pay the fixed charges on the property," S. J. Fairweather, director of the Canadian National railways bureau of economic and financial affairs, told members of the Montreal Rotary club in an address yesterday. "Surely, in one who has knowledge of the natural resources of this country, this would appear to be a modest goal."

The deficit was not a fixture, he declared, but a feature of the depression period. As the economy and development increased along the pioneer lines, the average traffic per mile would increase. It would be the net revenue of the system for several years, he said.

With it, at a much more rapid rate, because additional business could be secured, a third deficit, he said, would be a thing of the past.

WEALTH INCREASES

It is a matter of geography and finance," said the economist. "Canada's natural resources and wealth are abundant, though they are not evenly scattered. The total traffic of the Canadian National railway system is large, but the average traffic per mile is small."

"The C.N.R. is larger than any other system in the world, but its traffic is not so dense as that of the United States. It is a matter of geography and finance."

"The development cannot be rapid enough to pay the fixed charges on the property," S. J. Fairweather said yesterday. "Surely, in one who has knowledge of the natural resources of this country, this would appear to be a modest goal."

SHOW DEFICIT

The reason of the country's increase but the railway must show a deficit unless subsidized through the development of the country. It is a matter of geography and finance."

"The development cannot be rapid enough to pay the fixed charges on the property," S. J. Fairweather said yesterday. "Surely, in one who has knowledge of the natural resources of this country, this would appear to be a modest goal."

CABBAGE JUST LIKE A BURLY BOUTONNIERE

Several quarts of nature have been the subject of attention of The Bulletin these past few days. The world is full of it, and it is all a cabbage grown in the E. Bailey of Donalda, which is the world's largest old-fashioned cabbage.

The world's largest old-fashioned cabbage, which would represent the stem of the cabbage, is a burly boutonniere, and it is all a cabbage grown in the E. Bailey of Donalda, which is the world's largest old-fashioned cabbage.

KINGSTON PEN ANNE HAS MILD NOT

Men Refuse Work and Are Locked Up—Disorder Enues

KINGSTON, Ont., Sept. 22.—Disciplinary measures kept an untamed number of convicts in the Kingston penitentiary today after untimely reports of a riot broke out.

Shouting and yelling at the prison last night followed reports that 60 convicts were involved in the riot and refusal to work.

Warden W. H. Craig said there was no organized riot.

An Ottawa justice department official said members of a work gang yesterday refused to work.

The work gang was locked up in the cells for "safekeeping."

Word was given to the penitentiary that last night and it was reported that the riot was used for over 100 prisoners.

Ordinarily about 200 prisoners are housed in the institution, three miles from Kingston penitentiary where they were locked up.

The riot was said to be a "safekeeping" of the work gang.

NORTH SHEEP PROPHESIES SET RECORDS

Continued from Page One

Although the biggest blue sheep known to be shot had a burn with a diameter of 22 inches, it killed two years ago.

The sheep was shot in a camp was at Tremble Lake, 800 miles northwest of Edmonton, by a party of men.

It was shot by Pilot C. F. Campbell of Canadian Airways, famed Arctic explorer, on a course that for part of the distance is unmappped.

Mr. Campbell, who is now in Montreal, Mr. Lester got his first blue ram, a 200 lb. ram and a 10 lb. ram, which he shot in the rocks.

Trustees Ponder Furnace Stokers For City Schools

Investigation of the cost of installing automatic stokers in school heating systems was ordered by the trustees of the city of Edmonton, public school board, Tuesday night.

Discussing the advisability of such installation, Dr. F. W. Craig, trustee, said it seems to him the board would be better to put a stoker in the school where it is needed.

"You can't build back technology," he added.

Provincial News

Merchants Deny Threat To Move Across Border

LEEDSMOYNE, Sept. 22.—Citizens of Leedsmoynay were surprised to find in the daily press the date of "Refuge, Sept. 15," a paragraph which said that merchants of Leedsmoynay are reported to be planning to move and merge their business with the city of Leedsmoynay in the Alberta side as a result of Premier Peterson's order to close the Saskatchewan border.

Child Hit By Car Has Back Injury

LEEDSMOYNE, Sept. 22.—Four-year-old Hilda Lefebvre, who was injured down by a car recently, is found to be more seriously hurt than at first believed. She is confined to bed with a back injury which may keep her there for some time.

Farm Worker Is Crushed To Death

INNISFAIR, Sept. 22.—Floyd Johnson, of Innisfair, was killed by a tractor on the farm of G. R. Torrance, a mile or so south of town, when he was crushed between the tractor and a fence. Inquest was held on Friday.

Presbytery Meets

WATFORD, Sept. 22.—Presbytery of the United churches convened at Watford, with Rev. A. L. Carr presiding, and Rev. A. L. Carr as moderator. The session was held at the residence of Rev. A. L. Carr, Watford, and was attended by Rev. A. L. Carr, Watford, and Rev. A. L. Carr, Watford.

Body Sent Home

LEEDSMOYNE, Sept. 22.—The remains of Douglas Kerr, who died suddenly in his car in front of Howell Brothers, were in Leedsmoynay, Wednesday night, when they were taken to his home at North Battleford, Thursday. Mr. Kerr was a frequent visitor to Leedsmoynay where he had made a host of friends and acquaintances.

Store Rebuilt

LEEDSMOYNE, Sept. 22.—At present only one store is being erected at Marshall, the store which was destroyed by fire three weeks ago when four of the business places were razed. The Wilson Co-operative Association, with headquarters at Lacombe, Saskatchewan, who were the largest losers in the conflagration, are erecting a new store building on the old site.

Camrose Town Kinsmen Club Gets Charter

CAMROSE, Sept. 22.—Camrose Kinsmen club held a charter night at the Kinsmen hall for the purpose of receiving their charter as an organized Kinsmen club. The charter was presented by Andrew Drumheller, past district governor. Fred Stewart, president of the newly formed club, accepted the charter.

Hardy Man Gets Year For Manslaughter

WESTLOCK, Sept. 22.—Alvin Holmberg, of Hardy, was found guilty of manslaughter, Monday and sentenced to one year in prison. The charge arose from an automobile accident in which Andrew Benjamin Anderson, 65, of Daysland was killed on May 21, when he was driving a car.

Loucheed Corp Is Extra Light

LOUCHEED, Sept. 22.—Cutting of oats is about half completed here and the crop is being threshed. The Loucheed Corp. is doing the threshing and the crop is being threshed.

Car Is Wrecked But Driver Safe

LEEDSMOYNE, Sept. 22.—Tom Lefebvre's car was wrecked last night. A young fellow by the name of Lefebvre was driving the car and it is understood that in his attempt to miss a truck on the road, the front wheel struck the car and it was wrecked.

Farmers Pleased

LEEDSMOYNE, Sept. 22.—Threshing continues with summer fallow wheat being from 14 to 20 bushels to the acre. Some crops have been reported as high as 40 bushels to the acre, which is a very good yield for the district.

Scholarship Winners

GRANDE PRAIRIE, Sept. 22.—Prize winners of the Grande Prairie and district school fair were announced. The winners were: Miss Mary McFarlane, of Crystal Creek and Howard Withers of Bonnie school.

Need Man Visits

GRANDE PRAIRIE, Sept. 22.—A. Paul, chief inspector for Dominion and branch, accompanied by Mr. Paul, is making his first trip through the Grande Prairie district. Both Mr. Paul and Mr. Weir are accompanied by a number of men from the province, during which time they will inspect the grain and other crops of the district.

H. STUTCHBURY ELECTED HEAD MUSICAL BODY

**Provincial Festival For
1938 To Be Held Here
In May**

**1938 To Be Held Here
In May**

Howard Stutchbury for years one of the most earnest workers on behalf of music in this city, was elected president of the Edmonton branch of the Alberta Musical Festival Association for the 1937-1938 season at its annual meeting held here recently. The 1938 provincial festival will be held here next May.

bury and Turner and Mrs. Hamilton.

COUPER RETIRING

The retiring president, Ralph Couper, is also a member of the executive.

Harry Turner who represented the Edgemont branch of the West

It was reported that at the provincial festival next year, the adjudicators would be Sir Hugh Robertson of Glasgow, Maurice Jacobson of London, with Steurt Wilson of London acting at the Brandon festival while the Alberta competitions are on here.

Vernon W. Barford, Mr. Stutchbury and Jackson Hanby, now of Victoria, the three originators of the Alberta Musical Festival, the first of its kind in Canada, were elected life members of the organization.

Syllabus conveners are: ethral music, Vernon Barford; instrumental, Beatrice Crawford; vocal, Mme. J. J. Duggan; school music, J. Norman Eagleson. Each convener will appoint an assisting committee.

It was decided to add a band competition for players not more than 18 years old.

Leslie S. Crater, of Newark New

Jersey, supervisor of the field staff, Canadian division, of the Prudential Insurance Company, arrived in Edmonton Wednesday and registered at the Macdonald hotel.

THE PAYOFF

IS TRIUMPH OR CUT

Everybody and His Brother Named as New Manager of Cleveland Club But Don't Count Out Steve O'Neill

NEW YORK, Sept. 22.—Don't look now, but there goes a man who isn't going to succeed Steve O'Neill.

You know, of course, enough everybody is going to succeed Mr. O'Neill as the manager of the Cleveland Indians. Any day now you're liable to be hearing that The Last of the Mohicans or the Four in the Brothers are heading for the Erie town. (And you can split that Erie any way you care to.)

But, come to think of it, it wouldn't be a bad idea at all to bring those Mayo boys. They could pay the infield a confounding sight better, and that fuzzy-haired one could help on the fans for a change.

The latest in the long line of nominees for the post is Antonio Lazzeri. Lazzeri nominated himself this year. He upped and wrote a sports writer the other day that he had heard Mr. Bradley wanted him and he expected to get the job.

It was no rumor Mr. Lazzeri heard. It was a fact. Richard McCann, who has been managing the Indians for five straight years.

The Signor Is One Of Many

THE Signor's self-nomination makes him the 460th member of the O'Neill-Cleveland Coterie.

Among the other prominent names uttered in connection with the job are Bill Terry, Rogers Hornsby, Bill McKechnie, Rabbit Maranville, Buckie Harris, Ozzie Bluege, Muddy Buhl, Charlie Gehringer, Lefty O'Doul and George M. Cohan.

There is some question as to whether these gentlemen should be considered as nominees or as candidates for the job. It is a question of semantics, but it is a question that has been asked many times before.

On the other hand, Rogers Hornsby was kicked out by the St. Louis Browns and immediately offered as O'Neill's successor. (Recognition of his talents?)

There Are Worse Managers

JIMMY DYKES could lead all precedent the other night when the talk got to the Cleveland managerial graveyard and he ventured the opinion that he didn't think that "they'll put Steve out this year."

This was the first time since this Speaker left Cleveland that an Indian manager had been given a ghost of a chance of being around at the end of the season.

"I don't have any inside info," said Jimmy, "but I just don't think they'll give Steve's job to anybody else. And why should they?"

A good question. Why should they?

McAlva Bradley could do a lot worse than Mr. O'Neill, and maybe just as well. But even so, it is a question of semantics, but it is a question that has been asked many times before.

On the other hand, Rogers Hornsby was kicked out by the St. Louis Browns and immediately offered as O'Neill's successor. (Recognition of his talents?)

SUNNY JIM'S JOKE UPSETS BALL BOSSES

NEW YORK, Sept. 22.—It now comes out that the Cleveland Indians' "Fuzzy Jim" for a hilarious moment got himself into a jam with the ball bosses.

Anyway that's Sunny Jim Boland's story of what happened. Sunny Jim, who is the Cleveland Indians' first baseman, was talking to the ball bosses in the clubhouse after the game.

On reading in the papers that the manager had been used to talking to the ball bosses, Sunny Jim got so mad he hit the red.

But the ball bosses, who are the Cleveland Indians' first baseman, were talking to the ball bosses in the clubhouse after the game.

On reading in the papers that the manager had been used to talking to the ball bosses, Sunny Jim got so mad he hit the red.

But the ball bosses, who are the Cleveland Indians' first baseman, were talking to the ball bosses in the clubhouse after the game.

Bagging Coaches From Land Of Thistles Lead Pigskin Parade; Start 19th Campaign As Pilots

Sutherland and Wade Boast Winning Percentage of .330

By HARRY GRAYSON

To the old and long of the Scotch jokes might be added this one: "Fugiter has Wade and Jock Sutherland on a football field."

Lauching their 19th season, Wade of Duke and Sutherland of Pittsburgh have arrived at the head of the class of those gridiron guides who have been at it 15 years or longer.

The records of these two thought leaders of pigskin progression virtually are the same, and the fact that they are so similar in so many ways that they might well be called Football's Twin Coaches.

Both have winning percentages of .330.

Both are Scotch—not far removed from the land of Bagpipes.

You see, Miramonte won three straight games at Montreal and was immediately removed on route to Cleveland. (Recognition of his talents?)

On the other hand, Rogers Hornsby was kicked out by the St. Louis Browns and immediately offered as O'Neill's successor. (Recognition of his talents?)

But the ball bosses, who are the Cleveland Indians' first baseman, were talking to the ball bosses in the clubhouse after the game.

On reading in the papers that the manager had been used to talking to the ball bosses, Sunny Jim got so mad he hit the red.

Highly-rated Billy Shinnall Should Give Champ One of Toughest Battles On Promising Memorial Hall Card

Duke Rupenthal, the classy mat artist from Milwaukee, seems in for one of his toughest battles in his many bouts here when he tackles Billy Shinnall at the Memorial Hall Friday in the main event of Mike Cutcher's pro wrestling card.

NEWARK BEARS BEST BALTIMORE

NEWARK, N.J., Sept. 22.—Behind the scenes of the Baltimore Orioles' big game with the New York Yankees today, the Baltimore Bears are expected to be the main attraction.

The Bears, who are the Baltimore Orioles' first baseman, were talking to the ball bosses in the clubhouse after the game.

On reading in the papers that the manager had been used to talking to the ball bosses, Sunny Jim got so mad he hit the red.

Hartnett's Hitting Is Thrill For Fans As Cubs Win By 7-5

BY WILLIAM WEEKS

CHICAGO, Sept. 22.—Gabby Hartnett's big bat, potent weapon in a thrilling 7-5 triumph for the desperate Cubs, blatted a full game off New York Giants' margin Tuesday in the National League pennant struggle.

A lot of other Cubs joined in to achieve victory in the first of three-game series which may settle the 1937 race, but it was Hartnett who was the difference between victory and defeat in a bit of baseball drama presented before 34,807 fans. He lashed out three hits, a triple, double and single, and every blow was vital, in the clutch which left the Giants with an edge of 1½ games over the Cubs.

With the aid of a slight attack of the flu on the part of the Giants, the Cubs let go with a four-run blast in the first inning.

Southpaw Larry French, seeking his 15th pitching victory of the season and his third over the Giants, appeared to have everything under control after escaping serious danger in the first two innings. The Giants kicked him for a run in the second but that was over in the fifth when Hartnett singled and coasted in with the Cub's fifth run ahead of his Colts triple.

With the aid of a slight attack of the flu on the part of the Giants, the Cubs let go with a four-run blast in the first inning.

RATS
ARE ONE OF
MAN'S WORST
ENEMIES.
THEY
HELPED
TO
DESTROY
THE
CIVILIZATION
OF
THE
MIDDLE
EAST.
THEY
WAS
SUGGESTED
THAT
THE
BONES
WERE
THOSE
OF
AN
EXTINCT
TOKIOSE.
AND
SHOULD
BE
RECONSTRUCTED
AS
ABOVE.

In 1841, when the dissected skeleton of a mastodon was uncovered, it was suggested that the bones were those of an extinct tokiose, and should be reconstructed as above.

The brown rat is believed to have invaded Europe from Asia in 1871, by swimming the Yungia river. Since then, it has become one of the most common and most annoying pests of the world, inflicting enormous damage and cost. It is estimated that it cost the United States alone an estimated annual loss of \$200,000,000, not to mention the human lives it takes.

REBEL FORCE IS ROUTED IN FIERCE ATTACK

South Area Sees Some Of
Bloodiest Battling Of
Entire War

HENDAY, Franco-Spanish
Frontier, Sept. 22.—Spanish in-
surgent columns to the east and
south of Gijón, last night, in-
flicted a severe defeat on the
government-held Biscayan pro-
vince, the most difficult of the
Europe's mountainous last night
after days of hazardous fighting.

Attacking defenders of the area
were forced to abandon the last
section of the Leon-Santander rail-
road, military dispatches said.

At the same time, insurgent
columns drove a spearhead
south along the eastern bank of the
Sella river, cutting off remaining
Austrian defenses in the Europe
mountains from Gijón.

**Fierce Loyalist
Attack Launched**

MADRID, Sept. 22.—Spanish gov-
ernment officials said today a fierce
Spanish drive against troops back-
ward toward Madrid and Seville with
heavy losses.

In a day of some of the bloodiest
fighting the Spanish civil war has
seen, government forces annihilated
two insurgent battalions, destroyed
insurgent-held towns with
artillery, and captured three
other towns, a government com-
municate said.

FIRE 7,000 SHELLS

The warfare extended along a
25-mile front in the mountain
terrain 40 miles north of
Gijón, the government com-
municate said. The drive was
north of Viqueque, the govern-
ment said. The drive was north

60-Million Year Old Dinosaurs Eggs In Alberta

Scientific Find of Great Value Made in Road
Blasting Operation in Waterton
National Park

WATERTON, Alta., Sept. 22.—Paleontologists will be
asked to verify what is believed to be a nest of petrified
dinosaur eggs, laid perhaps 60,000,000 years ago, and dis-
covered following a landslide during a mountain highway
construction job in the Waterton National Park, 45 miles
southwest of Lethbridge.

They may be a world find. The
only other dinosaur eggs ever dis-
covered were found in Mongolia.
The petrified eggs are nine inches
long and six inches in diameter.
The nest is more than three feet
in diameter.

During the thousands of years
since the dinosaurs roamed Alberta
valleys, time had formed a perfect
crust of rock over the eggs.

FERTILE FIND
Perhaps they are the eggs of a
Duck Bill dinosaur, a common
variety to paleontologists, or they
may be those of some more valu-
able prehistoric monster.

Valleys of southern Alberta have
yielded many dinosaur skeletons,
especially in the Cypress Hills,
south of Medicine Hat, near the
United States boundary.

Dr. C. M. Sternberg, paleontol-
ogist, a member of the geological
survey of Canada, found the eggs,
carried on field research work in
the fossil beds of the Cypress Hills
in the fall of 1935.

Dr. Sternberg's opinion on the
fossilized eggs was that they were
laid 60,000 years ago, he estimated.
Dr. Sternberg's opinion on the
fossilized eggs was that they were
laid 60,000 years ago, he estimated.

A road crew, blasting out rock on
the crest mountain, highway, the
connecting link between Waterton
National Park and Glacier National
Park in Montana, found the nest.

BRITAIN OUSTS JAPANESE AS SCRAP BUYER

Orders Placed With U.S.
Dealers For 750,000 Tons

NEW YORK, Sept. 22.—Japan is
out of the scrap steel export market
and the British-European cartel is
currently the dominant consumer,
it was learned in reliable quarters
today.

I. F. L. Elliott, director of the
British Iron and Steel Federation,
and the director of purchases for
the cartel, who sails for England
tomorrow, has placed orders with
American scrap dealers for around
350,000 tons within the last six
weeks.

While the domestic price of
scrap iron and steel has fallen in
the last few weeks from \$25.50 at
Pittsburgh to \$19.25, the British-
European cartel price has increased.
The cartel paid \$25.00 a ton
more for the 250,000-ton order
than it did for the orders of six
weeks ago.

With the British cartel making
heavy purchases, it was believed
likely among scrap dealers the
total United States scrap tonnage
this year would be close to 1,000,000
tons against 1,800,000 last year.
Japan has not made any scrap
purchases in this country in two
months.

**Canada Will Take
Part At Sydney**
PETERBOROUGH, Ont., Sept. 22.—
Canada will participate in the
Empire Fair Conference next year
at Sydney, Australia, H. B. Cowan,
secretary of the Canadian Chamber
of Agriculture, said today.

At recent meetings in Montreal
and Calgary, Mr. Cowan said, the
chamber arranged with Great-Col.
Brunner, deputy premier of New
South Wales, to send delegates to
the conference.

The conference will be held in
Sydney, Australia, in 1938. It will
be the largest of its kind ever held
in the Empire. It will be the
largest of its kind ever held in the
Empire.

**Manville Hired
To Dress Models**
NEW ROCHELLE, N.Y., Sept. 22.—
Much-married Tommy Manville,
noting his intention of coming in
on his experience with blonde wa-
men, announced Tuesday he had
accepted a \$100-a-month job with
a Manhattan dressmaking firm.
The merry athlete, who has
millions of his own, said he was
glad to get the job because the firm
employed 36 models.

Aubrey T. Eads, vice-president of
the firm, confirmed Tommy's em-
ployment.

**Canada's Oldest
Dental Expires**
LINDSAY, Ont., Sept. 22.—Dr.
James Neilands, 91, the oldest den-
tist in Canada, died here Sunday
night. He was born at Brampton,
Ont., started practicing in Lindsay
a year before the United States Civil
War, and kept at it until eight years
ago.

Dr. Neilands was the first dentist
in Canada to use nitrous oxide as
an anesthetic for extracting teeth.

Old Miner Dies
NELSON, B.C., Sept. 22.—Funeral
services for Howard Winslow Cam-
m, 75, for many years connected with
the mining industry in Ontario and
Manitoba, were held here Monday.
He died in hospital Friday.
